1. Description of Service and Rates

1.1 General

The Company's service is furnished to Customers for domestic interstate interexchange communications originating and terminating within certain areas of the United States under the terms of this tariff. The Company's service is available twenty-four hours per day, seven days per week, except as otherwise provided in the Company's tariffs.

The Company arranges for installation, operation, and maintenance of the service provided in this tariff for the Customer in accordance with the terms and conditions set forth in this tariff. The Company may, when authorized by the Customer, act as the Customer's agent for ordering access connection facilities provided by other carriers or entities (such as the local exchange company), to allow connection of a Customer's location to the Company's service. The Customer shall be responsible for all charges due for such service arrangement.

Subject to the terms and conditions set forth in this tariff, the Company provides telecommunications services between locations within the United States. The Company's service charges are based upon call duration, time of day rate period, mileage, and/or call type.

Subject to the terms and conditions set forth in this tariff, presubscribed service is offered from locations served with equal access end offices.

The Company's service is available twenty-four hours per day, seven days a week, except as otherwise provided in the Company's tariffs.

1.2 Calculation of Distance

Usage charges for all mileage sensitive services are based on the airline distance between the rate center locations associated with the originating and terminating points of the call.

The distance between the originating and terminating points is calculated by using the "V" and "H" coordinates of the applicable rate centers as defined by Telcordia Technologies (formerly Bellcore) and on file with the FCC in AT&T Price List No. 10, in the following manner:

Step 1 - Obtain the "V" and "H" coordinates for the rate center of the originating and the destination points.

Step 2 - Obtain the difference between the "V" coordinates of each of the rate centers. Obtain the difference between the "H" coordinates.

Step 3 - Square the differences obtained in Step 2.

Step 4 - Add the squares of the "V" difference and "H" difference obtained in Step 3.

Formula:
$$\sqrt{\frac{|V_1 - V_2|^2 + |H_1 - H_2|^2}{10}}$$

Step 5 - Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.

Step 6 - Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating rate centers of the call.

1.3 Timing of Calls

Billing for calls placed over the network is based in part on the duration of the call as follows unless otherwise specified in this tariff:

1. Call timing for all calls begins when the called party answers the call (i.e. when two-way communications are established). Answer detection is based on standard industry answer detection methods, including hardware and software answer detection.
2. Chargeable time for all station-to-station calls begins when connection is established between the calling party and the called party and ends when the calling party hangs up thereby releasing the network connection. If the called party hangs up but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the network or by an operator.
3. Minimum call duration for billing purposes is one minute unless otherwise specified in the individual rate schedules of this tariff.
4. Calls are measured and billed in one-minute increments on a per call basis, unless otherwise indicated in this tariff. Fractional billing increments are rounded to the full billing increment as stated in the product description.
5. No charges apply to incomplete calls. An incomplete call is a station call in which the called station does not answer, or a person-to-person call in which the station does not answer, or the requested person is unavailable, or a collect call for which the called party refuses to accept the charges.
6. Usage charges are computed on a per call basis. When computation of call charges results in fractional cents, the resulting charge is rounded to the nearest penny unless otherwise specified in this tariff.

2. Time of Day Rate Periods

2.1 Long Distance Message Telecommunications Service and Operator Services

The following time of day periods apply to LDMTS and Operator Services Calls.

a. Rate Application Periods

- (1) Peak Rate Period 7:00 AM to 7:00* PM Weekdays
- (2) Off-Peak Rate Period 7:00 PM to 7:00* AM Weekdays and all day on weekends

*To, but not including

3. Long Distance Message Telecommunications Service

3.1 *General Description*

Long Distance Message Telecommunications (LDMTS) Service is the basic long-distance service offered to business Customers for outbound direct-dialed calling, utilizing Customer-provided switched access lines that are presubscribed to the Company. LDMTS service may also be offered for casual (i.e. access code) calling where such service is provided.

Calls are billed in one (1) minute increments after an initial minimum call duration of one (1) minute. Any partial minute is rounded up to a full minute.

3.2 **Rate and Charges**

A. Customer Dialed Direct Station-to-Station

The Customer Dialed Direct Station-to-Station Class of Service applies when the person originating the call dials the telephone number desired without the assistance of an operator and the call is billed to the calling station. It does not include calls from public or semi-public coin telephones.

Mileage	Peak	Peak	Off-Peak	Off-Peak
	Initial Minute	Each Add'l Minute	Initial Minute	Each Add'l Minute
0-3500	\$.40	\$.40	\$.40	\$.40
3501-5500	\$.40	\$.40	\$.40	\$.40
5501-8500	\$.40	\$.40	\$.40	\$.40
8500+	\$.40	\$.40	\$.40	\$.40

B. Business Minimum Spend Level

When the Business Customer's billing falls below a \$30.00 minimum level in any full billing period, a shortfall charge will be applied which is equal to the difference between the \$30.00 minimum level and the actual contributory billing for that billing period.

Direct dialed calls, operator assisted calls, directory assistance calls and Monthly Recurring Charges, International Plan Monthly Recurring Charges, free minute promotions, percentage discount promotions and Toll Free MRC waivers will contribute toward meeting the Minimum Spend Level (MSL). Only charges of the Company will contribute to the MSL. Taxes, surcharges and charges billed by other carriers on the Customer's bill will not contribute to the MSL.

<p>4. <u>In State Out of State Calling Plan</u></p> <p><i>4.1 General Description</i></p> <p>The In State Out of State Calling Plan is offered to Business Customers for outbound direct dialed calling from presubscribed switched access lines at one flat per minute rate. Only charges of the Company's Business Plans will contribute to the MSL. Taxes, surcharges and charges billed by other carriers on the Customer's bill will not contribute to the MSL.</p>									

5. ZiPLY Destinations

5.1 *General Description*

ZiPLY Destinations State to State and ZiPLY Destinations Instate are long distance services that provide Customers with single per minute rates for both their inbound (8XX) and outbound (1+) switched usage. Destinations State to State and Destinations Instate are offered dependent upon the availability of Carrier capability. This service is available to customers of local exchange companies (LECs) with whom the carrier has a billing and collections contract. This service is only available in conjunction with the respective ZiPLY Destinations plan from Northwest Fiber's Online and Long-Distance Inc.'s intrastate tariff or price list. If a customer selects this service, all lines pre-subscribed to Northwest Fiber's Online and Long-Distance Inc.'s are to be on this account level plan.

Rates Structure

The Monthly Recurring Charge (MRC) for ZiPLY Destinations State to State and ZiPLY Destinations Instate is billed in advance and can be found following. If a customer's direct dial outbound domestic and international 1+ usage, toll free usage, and direct dial directory assistance charges, excluding taxes and surcharges, total greater than \$50.00 in any given month, the MRC will be waived for the following month. Usage above and beyond the \$50.00 threshold cannot be carried over to another month to meet another month's threshold. An additional MRC will be assessed per toll-free number that is requested by the customer, and the rates can be found following. Destinations State to State and Destinations Interstate switched calls are non-distance sensitive, flat-rated, twenty-four (24) hours a day, seven days a week.

5.2 Usage Charges

Customers may subscribe to Destinations State to State or Destinations Instate switched service on either a Month-to-Month, one- or two-year Term Plan. The Customer's total usage is charged at the applicable intrastate per minute rates set forth following. Ziplly Destinations State to State and Ziplly Destinations Instate switched inbound (8XX0 and outbound service is billed in six-second increments, with a thirty-second minimum for each call. Any fraction of an increment is rounded up to the next whole increment. To calculate rounding, the raw usage charge for the call is calculated as the call duration (minimum plus fractional duration) multiplied by the 4-digit (\$0.XXXX) rate value. That amount is then rounded up to the nearest whole cent.

Ziplly Destinations State to State and Destinations Instate Term Plans will automatically renew for successive twelve (12) month periods, and will continue to renew for additional one year periods at the then current tariffed rates in effect for a one or two year term unless the Customer notifies the Carrier in writing 60 days before the end of their current term of their intention to terminate the agreement at the completion of the term. During the term, rates may be changed for the plan with 30 days' notice. If the rate is an increase, customers will have 30 days from the date notified to make a change or cancel their long-distance contract without penalty.

A customer may change between any currently available Ziplly term plan without penalty if the term commitment for the new plan is equal or longer than the remaining term commitment of the old plan

A termination fee, equal to the Number of accounts cancelled multiplied by the number of months remaining on the contract multiplied by \$50.00, will be assessed when a Destinations State to State and Destinations Instate Customer terminates service prior to the completion of the then current term.

Ziplly Destinations Instate Interstate Rates per minute Of Use				
Monthly Recurring Charge (MRC)	Term Plan Commitment	Month to Month	1 Year	2 Year
\$14.95		\$0.0375	\$0.0350	\$.0325

Ziplly Destinations State to State Rates per minute Of Use				
Monthly Recurring Charge (MRC)	Term Plan Commitment	Month to Month	1 Year	2 Year
\$14.95		\$0.0375	\$0.0350	\$.0325

Ziplly Destinations Toll-Free Number	
Monthly Recurring Charge (MRC), per number	\$5.00

5.3 Ancillary Service

An additional per call surcharge will be assessed on all calls for intrastate Directory Assistance.

6. Ziplly Block of Time

6.1 *General*

Ziplly Block Of Time is a non-distance sensitive product that includes direct dial 1+ intrastate and interstate outbound service and optional (8XX) toll free inbound service. This product is available to customers of local exchange companies (LECs) with whom the carrier has billing and collections contract and is enrolled in one of the local access products offered by the associated LEC. The blocks of time are offered in 500, 1,000, 2,500, 5,000, 10,000 and 20,000.

Usage Charges

The MRCs for the BOT can be found in Section 6.2 of this price list. If a customer has multiple lines on the account, minutes of use will be allocated to the block of time allotments in sequential order from lowest to highest of the ten-digit line numbers on the customer's account that are subscribed to this plan. Any excess BOT minutes not used for any given billing month will expire and cannot be used against any other monthly usage. Any usage above the BOT minutes will be rated at an overage rate per minute and these rates can be found in Section 6.2.

All calls are subject to a minimum of eighteen seconds with an additional billing increment of six seconds. Charges will be rounded to the next cent on a per call basis.

The BOT charge for the service is billed in advance. If a new customer to the plan signs up mid-billing cycle, the BOT minutes will be prorated. If moving between BOTs, minutes will be prorated based upon the number of days of that billing cycle and will be charged the appropriate overage rate for the BOT selected at the time the call was completed. Usage will be billed in arrears. Excluded from the BOT minutes are Directory Assistance, Payphone, and 900 calls.

6.2 Monthly Charges

The service can be purchased on a month to month basis.

Switched One Plus

BOT Minutes	Total Price	Overage Rate
500	\$15.00	\$0.050
1,000	\$30.00	\$0.040
2,500	\$80.00	\$0.040
5,000	\$135.00	\$0.037
10,000	\$250.00	\$0.035

75,000	\$2,812.50	\$0.0375
100,000	\$3,750.00	\$0.0375

<p>7. <u>OneVoice Nationwide</u></p> <p>7.1 <i>General</i></p> <p>OneVoice Nationwide is a non-distance sensitive product that includes direct dial 1+ Domestic outbound service. Pre-subscription of the primary line to Northwest Fiber's Online and Long Distance Inc. is required to subscribe to the OneVoice Nationwide. This product is only available in conjunction with the OneVoice plan from the Ziplly ILEC Companies Tariff.</p>	
<p>7.2 <i>Usage Charges</i></p> <p>OneVoice Nationwide long-distance minutes are only available on line(s) for commercial domestic outbound long-distance voice usage and exclude toll free, 900, international, directory assistance, information services and data calls. Auto dialers and fax broadcast services are prohibited. Data Calls will be billed at an additional rate per minute. Data called are billed in full minute increments, Canadian calls will be billed at a reduced rate shown in the rate schedule. These calls will be billed at 30 second initial and 6 second increments. Call segments will be rounded to the next full increment. Customers with usage inconsistent with normal commercial applications and usage patterns may be converted to non- OneVoice Nationwide service with charges for local and long distance calling. OneVoice Nationwide is not available with foreign central office services and public telephone services.</p> <p>The Terms and Conditions may be revised periodically. Revisions are applicable to then current service and usage. On the invoice there will be no individual call detail for usage that is associated with the unlimited direct dial calls that are included in this plan. If the customer changes their long-distance pre-subscription on their line to another carrier, benefits of the plan will be forfeited.</p>	

7.3 *Monthly Rate and Charges*

The Monthly Recurring Charge (MRC) for OneVoice Nationwide can be found below.

Customers who subscribe to this plan and commit to a one-, two or three-year term commitment will be given a discount. An additional discount may apply if the customer purchases a qualifying broadband offer. If the term is removed before the end of the term period, a termination fee equal to the number of remaining months times the monthly recurring charge will be applied. If a new customer to OneVoice Nationwide signs up mid-billing cycle, the MRC will be prorated. Usage not included in the Nationwide Long-Distance plan will be billed in arrears.

	<u>Monthly Rate</u>
OneVoice Nationwide per month	\$20.00
Term Customers Discount	-\$10.00
Canadian Calls per minute	\$.05
Data Calls per minute	\$.10

7.3.1.1.1.1.1 text

8. Carrier Cost Recovery Surcharge

Carrier Cost Recovery Surcharge (CCRS) is a surcharge that will be assessed on a monthly basis. It recovers various costs, including costs Ziplly Fiber, LLC incurs in the administration of the Universal Service Fund, the national fund for the Telecommunications Relay Service, regulatory expenses and compliance items.

The CCRS will be billed on a monthly basis in arrears, will not be pro-rated, and applies at the account level when pre-subscribed to Ziplly Fiber, LLC. This surcharge is not based upon 1+ or toll free levels of usage.

	Monthly Charge
Residential Carrier Cost Recovery Surcharge	\$3.99
Business Carrier Cost Recovery Surcharge	\$5.99

The CCRS will be waived to the subscriber if the subscriber has a toll restriction or is a lifeline subscriber. Ziplly Fiber Company Official Lines will not be assessed the surcharge.
