

ASR Pre-Order CFA Inquiry

The ASR Pre-Order CFA Inquiry search allows the user to verify if a channel is busy or available for use on an ASR firm order request. There are three types of searches available, CFA List (A-Z locations), CFA Details (facility/system) and CFA Channel Details. The below steps provide detailed instructions for performing the different types of CFA Inquiry searches available.

1.	<p>To begin an ASR Pre-Order Inquiry, select the Pre-Order tab to open the drop down box and display the possible Preorder activities.</p> 
2.	<p>"New" is used to begin a new Pre-Order Inquiry. "Search" is used to look for a previously saved Inquiry.</p> <p>Select New from the Pre-Order list to begin a new inquiry.</p> 
3.	<p>The Pre-Order Initiation window opens.</p> <p>The Message ID field is pre-populated with a number assigned to the inquiry. The Message ID: - May be overlaid and changed, if desired.</p> <p>The Message ID Number is used to search for a previously entered CFA inquiry that has been saved, however, if the inquiry is not saved, you will not be able to retrieve it at a later time. Once an inquiry is saved, the Message ID assigned to the inquiry cannot be used on a new inquiry. If the inquiry is not saved, then you may reuse the inquiry number. Make a note of this number if you wish to search for this inquiry in the future.</p> <p>Select the Receiver Code</p> <p>Click the Service Type drop down box.</p>
4.	<p>Select CFA_INQUIRY.</p> 
5.	<p>Click Initiate to begin the Inquiry.</p> 
6.	<p>The CFA Inquiry Window opens. The Message ID and ICSC are pre-populated.</p>
