

# Switched Access – FGB Trunk Augment REQTYP M, ACT N

# **VFO Product Feature Group B**

| Date     | Revision |
|----------|----------|
| 5/1/2020 | New      |

Valid ICSC Codes Include: FV03

# 001 - Access Service Request (ASR)

#### **Administrative Section**

| Administrative Section |                                       |   |  |
|------------------------|---------------------------------------|---|--|
| Field                  | Description                           | Example   |  |
| CCNA                   | Customer Carrier Name Abbreviation    | XXX (Identifies the IAC Code of the Carrier)                |  |
| PON                    | Purchase Order Number                 | alpha/numeric   |  |
|                        |                                       | Note: This Field is Controlled by Customer                  |  |
| VER                    | Version Identification                | alpha/numeric   |  |
|                        |                                       | Note: This Field is Controlled by Customer                  |  |
| ICSC                   | Interexchange Customer Service Center | FV03  |  |
| ACTI                   | Activity Indicator                    | A or B  |  |
| D/TSENT                | Date and Time Sent                    | mmddyy and hour, minute & AM or PM                          |  |
| DDD                    | Desired Due Date                      | mmddyy  |  |
| REQTYP                 | Requisition Type and Status           | MD  |  |
| ACT                    | Activity                              | N   |  |
| RTR                    | Response Type Requested               | alpha/numeric   |  |
| AFO                    | Additional Forms                      | required if additional circuit detail screens are necessary |  |
| TQ                     | Translation Questionnaire Request     | depends on ACTI   |  |
| CUST                   | Customer Name                         | optional  |  |
| UNIT                   | Unit Identification                   | С   |  |
| PIU                    | Percentage of Interstate Usage        | numeric   |  |
| LTP                    | Local Transport                       | depends on request or existing facility                     |  |
| CKR                    | Customer Circuit Reference            | alpha/numeric   |  |
| QTY                    | Quantity                              | number of trunks being added                                |  |
| ACTL                   | Access Customer Terminal Location     | trunk ACTL CLLI   |  |
| REMARKS                | Remarks                               | As needed   |  |

#### **Bill Information**

| Field              | Description                       | Example  |
|--------------------|-----------------------------------|--|
| BILLNM             | Billing Name                      | bill name for ACNA   |
| SBILLNM            | Secondary Billing Name            | optional   |
| ACNA               | Access Customer Name Abbreviation | alpha  |
| FUSF               | Federal Universal Service Fee     | E or N Note: Refer to the ASOG FUSF field Notes for Assessed or Exempted rules |
| STREET (Bill)      | Street Address (BILL)             | # and street name assigned by US Postal Service                                |
| FLOOR (Bill)       | Floor (BILL)                      | optional   |
| ROOM (Bill)        | Room (BILL)                       | optional   |
| CITY (Bill)        | City (BILL)                       | city name for street address   |
| STATE (Bill)       | State/Province (BILL)             | alpha  |
| ZIP CODE<br>(Bill) | Zip Code (BILL)                   | numeric  |
| BILLCON            | Billing Contact                   | employee from ACNA that can be contacted for billing issues                    |
| TEL NO (Bill)      | Telephone Number (BILL)           | numeric  |

## **Contact Information**

| Field                 | Description                               | Example                                    |
|-----------------------|---|--|
| INIT                  | Initiator                                 | customer's employee submitting ASR         |
| TEL NO (INIT)         | Telephone Number (Initiator)              | numeric                                    |
| INIT FAX NO           | Initiator Facsimile Number                | optional                                   |
| INIT EMAIL            | Initiator Electronic Mail Address         | optional                                   |
| DSGCON                | Design/Engineering Contact                | name of customer's designer                |
| TEL NO (DSG CON)      | Telephone Number (Design Contact)         | numeric                                    |
| DSG FAX NO            | Design Facsimile Number                   | optional                                   |
| STREET (DSG CON)      | Street Address (Design Contact)           | customer designer's mailing address street |
| FLOOR (DSG CON)       | Floor (Design Contact)                    | optional                                   |
| ROOM (DSG CON)        | Room (Design Contact)                     | optional                                   |
| CITY (DSG CON)        | City (Design Contact)                     | customer designer's mailing address city   |
| STATE (DSG CON)       | State/Province (Design Contact)           | alpha                                      |
| ZIP CODE (DSG<br>CON) | Zip Code (Design Contact)                 | numeric                                    |
| DSG EMAIL             | Design Electronic Mail Address            | optional                                   |
| IMPCON                | Implementation Contact                    | customer's testing contact                 |
| TEL NO (IMP CON)      | Telephone Number (Implementation Contact) | numeric                                    |
| D/TREC                | Date and Time Received                    | mmddyy and hour, minute & AM or PM         |

# 004 - Trunking

| Service De | tail                                       |   |
|------------|--|---|
| Field      | Description                                | Example   |
| NC         | Network Channel Code                       | Existing trunk group NC                                   |
| NCI        | Network Channel Interface Code             | NCI of highest level facility                             |
| TTT        | Transport Trunk Termination Code           | numeric   |
| QACI       | Quantity Additional Circuit Information    | number of additional circuit detail screens, if necessary |
| TRFTYP     | Traffic Type                               | OT, TT or OT TT   |
| CIC        | Carrier Identification Code                | numeric   |
| TRN        | Trunk Number                               | numeric   |
| CFA        | Connecting Facility Assignment             | ID of highest level facility                              |
| MUXLOC     | Multiplexing Location                      | HUB CLLI  |
| SCFA       | Secondary Connecting Facility Assignment   | DS1 ID if CFA is populated                                |
| FACTL      | Facility Access Customer Terminal Location | DS1 ACTL CLLI   |
| NC1        | Network Channel Code (T1)                  | DS1 facility NC   |
| SECLOC     | Secondary Location                         | end office or tandem CLLI                                 |
|            |  |   |

# 019 - Translation Questionnaire (TQ)

## **Common Section**

| Field                                   | Description  | Example  |
|---|--|--|
| *                                       | Note:  | TQ only required if augment with translation changes. Fields for optional features may be populated, e.g., ANI, TESTANI, CTO, etc. |
| TECH CON                                | Customer Technical<br>Contact (Translation)            | customer's Translations tester   |
| TEL NO (Tech<br>Contact<br>Translation) | Technical Contact<br>Telephone Number<br>(Translation) | numeric  |
| TG ACT                                  | Trunk Group Activity                                   | C  |
| TGTYP                                   | Trunk Group Type                                       | matches type of existing trunk group   |
| TSC                                     | Two Six Code   | alpha/numeric of existing trunk group  |
| DIR                                     | Directionality   | matches existing arrangement   |
| TK SEQ                                  | Trunk Group Hunt<br>Sequence                           | matches existing arrangement   |
| GLARE                                   | Glare Master   | matches existing arrangement   |
| TK SIG                                  | Trunk Signaling  | matches existing arrangement   |
| FACT                                    | Feature Activity (ALT REF)                             | optional   |
| ALT REF                                 | Alternate Routing Trunk<br>Group Reference             | optional, overflow TSC   |
| FACT (950XXXX)                          | Feature Activity (950-<br>XXXX)                        | A  |
| 950-XXXX                                | 950 Access Number                                      | numeric, same as CIC on Service Detail   |

#### **Trunking Section**

| Field | Description                  | Example |
|-------|------------------------------|---------|
| CIC   | Carrier Identification Code  | numeric |
| INTRA | Intrastate IntraLATA Traffic | alpha   |
| INTER | Intrastate InterLATA Traffic | alpha   |
|       |                              |         |

Disclaimer: This is an ASR Sample. There are other ASOG fields not included in this documentation. Please refer to ASOG for all field definitions. You may also reference our Access Custom Business rules.
