Carrier Customer Bulletin

Date of Notice: September 15, 2022
Notice Number: NWFZF-22-0105
Target Audience: Carrier, IXC, Wireless, CLEC, Reseller, ISP
Subject: Ethernet Enabled SWC List Modifications
Effective Date: September 15, 2022

Ziply Fiber is providing notification that effective September 15, 2022, modifications have been made to the [Ethernet Enabled SWC List](#).

The reference includes a tab to allow our wholesale customers to quickly align our vast volume of LIT End-User location addresses with its associated Serving wire center and advise whether it's open for business in support of E-Path and/or EIA services.

Please note; the SWC CLLI codes list is provided for illustrative purposes and is not a guarantee of service from that SWC CLLI. Please refer to your contract language for specific pricing elements.

Please contact your Ziply Fiber account manager with any questions.

If you have questions regarding this notice, please email wholesale@ziplyfiber.com.
