Introduction
Welcome to the Ziply Fiber Social Media Community! Through our social media channels, we strive to provide a safe space for us to connect with our customers, prospective customers, and fans around our products and services.

If you post to one of our social media channels, or otherwise comment, respond or engage on one of our posts or tweets, then you agree to follow these Community Guidelines, which apply in addition to the Terms and Conditions or other legal notices provided by Ziply Fiber and/or the owners of the social media network(s).

We are Here to Help
We value our customers, fans, and prospects and want to ensure you are heard. Our social media pages, specifically Facebook and Twitter, are moderated by our Ziply Fiber’s Social Care Team, also referred to as moderators or simply, care team. While we hope you never have an issue or concern when using our products or services, we understand that sometimes you will. Our goal is to provide assistance, guidance, and information to answer your questions, comments, feedback, or concerns. For urgent matters, we recommend contacting Ziply Fiber by more immediate means, like calling us at 866.699.4759. The care team will do their best to moderate and respond quickly to our community member’s posts, comments, replies, and feedback. Our goal is to speak openly and candidly on the topics or themes you raise to our team while being transparent and providing our perspective. While we strive to discuss matters in public, often we must prompt customers to connect with us in a more private setting like a private or direct message allowing us to collect account-specific information needed for our research of the situation. Our customer’s privacy is our top concern, and we have a responsibility to ensure we protect it. Our team is here to help, and we look forward to working with you to address your questions, concerns, and issues. Although we are moderating our channels to help ensure that users’ posts comply with these Guidelines, we cannot be responsible for the accuracy or reliability of any comments or materials posted by users.

Our social platforms are an open and public community. Community participants are responsible for their comments, replies and/or posts. They are solely the responsibility of the poster. Ziply Fiber’s Social Care Team will moderate as best they can to ensure all engagements on our pages comply with community guidelines but encourage our community members to reach out to us directly if they see anything that may go against guidelines. If something is found to go against community guidelines, the care team will take the appropriate actions to address.

Be Careful

It is solely up to you if you decide to follow any of their direction or information. Ziply Fiber’s Social Care team is always at your disposal to assist with any questions or concerns you may have, and we encourage you to reach out to us directly. However, we know that part of social media is being able to engage and connect with others in the space, and we don’t want to discourage that. When doing so, we encourage you always to do your own research through trusted resources, never put yourself or others in danger, use common sense, and always protect your personal data. While we believe most of our social community are kind and genuine in their intentions, others like fraudsters may try to take advantage of this openness.
