- c) You will use the Services for lawful purposes only. You will not resell or redistribute (whether for a fee or otherwise) the Services, or any portion thereof, or charge others to use the Services or any portion thereof. You agree that, among other things, transmission or distribution of the Service to persons outside the locations identified in the Work Order (even if to a limited group of people or to other locations that you own or have the right to use) will constitute an unauthorized use.
- d) If you receive TV Service, you agree that programs and other material that you receive as part of the TV Service remain part of the TV Service even if you record or capture all or a portion of any such program or material in a data file or on a hard drive, digital video recorder or similar device.
- e) If you use the Telephone Service for an enterprise purpose, you assume all risk of failure of the Telephone Service, including the risk of any damages from high-risk activities involving vital communications in which an error or interruption in the Telephone Service could lead to material injury to business, persons, property or the environment. You shall indemnify ZiPLY Fiber from any claims arising from an enterprise use, including but not limited to attorneys' fees and costs.

- f) If you receive Data Service, you agree that, among other things, your use of any form of transmitter or wide area network that enables a person or entities outside of the location in the Work Order to use your Service, whether a fee is sought, will constitute an unauthorized use. Further, if you use a wireless network within your premises, you will limit wireless access to the Data Service (by establishing and using a secure password or similar means) to authorized users.
- g) You agree that to the extent any Software is licensed or sublicensed to you by Ziplly Fiber, such Software is provided for the limited purpose of facilitating your use of the Services as described in the Agreement. You will not engage in, or permit, any additional copying, or any translation, reverse engineering or reverse compiling, disassembly or modification of or preparation of any derivative works based on the Software, all of which are prohibited. You will return or destroy all Software provided by Ziplly Fiber and any related written materials promptly upon termination of the associated Services to you for any reason.
- h) You agree to be responsible for protecting the confidentiality of your screen names, passwords, personal identification numbers, parental control passwords or codes and any other security measures. You acknowledge that the Services may from time to time include interactive features, the use of which may result in the transmission to, and use by, Ziplly Fiber or certain third parties of the information that may constitute personally identifiable information (as such term is used in the Communications Act of 1934) about you and for which Ziplly Fiber may be required, under that Act, to obtain your consent. You agree that Ziplly Fiber may seek such consent or indications of your election to “opt in” to certain programs electronically, including through the use of a “click through” screen. Any such consent or opt in election communicated through your Services or from the location at which you receive the Services may be treated by Ziplly Fiber as your consent or opt in election for the use of the personally identifiable information.

5. Special Provisions for Certain Services

- a) **Telephone Service.** This section applies only to those customers who subscribe to Telephone Services from Ziplly Fiber.
 - i) You agree that Ziplly Fiber will not be responsible for any losses or damages arising as a result of the unavailability of the Telephone Service or the inability to contact your security system, fire alarm system or remote medical monitoring service provider. You acknowledge that Ziplly Fiber does not guarantee that Telephone Service will operate with your security, fire alarm and/or medical monitoring systems, and that you must contact your service provider in order to test your system’s operation with the Telephone Service. You agree that a service outage due to a suspension of your account as a result of billing or other issues will prevent ALL services from being provided to you, including any 911 emergency response services.
 - ii) You acknowledge that the existing telephone wiring inside your premises may not support both Telephone Service and digital subscriber line service (“DSL”) Internet service. If you intend to use Telephone Service on all of your phone jacks, you may be required to maintain separate wiring, not provided by Ziplly Fiber, within your home specifically for DSL or to disconnect your DSL prior to receiving Telephone Service over your existing wiring.

iii) YOU AGREE AND UNDERSTAND THAT ZIPLY FIBER WILL NOT BE LIABLE FOR ANY TELEPHONE SERVICE OUTAGE, INABILITY TO DIAL 911 USING THE TELEPHONE SERVICE, AND/OR INABILITY TO ACCESS EMERGENCY SERVICE PERSONNEL DUE TO THE 911/E911 FEATURE. YOU AGREE TO DEFEND, INDEMNIFY AND HOLD HARMLESS ZIPLY FIBER, ITS OFFICERS, DIRECTORS, EMPLOYEES, AFFILIATES AND AGENTS, AND ANY OTHER PROVIDER WHO FURNISHES SERVICE TO YOU IN CONNECTION WITH THE TELEPHONE SERVICE, FROM ANY AND ALL CLAIMS, LOSSES, DAMAGES, FINES, PENALTIES, COSTS AND EXPENSES (INCLUDING BUT NOT LIMITED TO REASONABLE ATTORNEYS' FEES) BY, OR ON BEHALF OF, ANY THIRD PARTY OR USER OF TELEPHONE SERVICE RELATING TO THE FAILURE, OUTAGE OR MALFUNCTION OF THE TELEPHONE SERVICE, INCLUDING THOSE RELATED TO 911/E911 OF THE FAILURE, OUTAGE OR MALFUNCTION OF THE ZIPLY EQUIPMENT OR FACILITIES.

b) Transferring your Telephone Number

i) If you are switching to Telephone Service from another provider, you may transfer your existing phone number to the Telephone Service provided that (a) you request the phone number transfer when you place your order for Telephone Service, (b) your current service provider releases your existing phone number, at our request, without delay or charge, (c) the transfer of your exiting phone number to the Telephone Serviced would not, in Ziplly Fiber's view, violate applicable law or our processes and procedures, (d) when applicable, you acknowledge and agree that if your equipment is set up before the date that the number transfer becomes effective ("Port Effective Date"), you may only be able to make limited outgoing calls. In that event, you should keep another phone connected to an existing phone extension at your service location to receive incoming calls until the Port Effective Date, and (e) you acknowledge and agree that to avoid an interruption in your Telephone Service, you must have the proper equipment installed before the Port Effective Date. Your existing phone service for the number you are transferring will be disconnected on the Port Effective Date; if your equipment is not yet activated, you will not have access to the Telephone Service.

ii) To transfer your phone number from Ziplly Fiber to another provider, you must place the transfer order through your new service provider and then terminate your Telephone Service with Ziplly Fiber. Ziplly Fiber will release your phone number to your new service provider, provided that (a) your new service provider requests the transfer upon termination of your account (b) your new service provider is willing to accept transfer of the phone number without delay or charge, and (c) transfer of your exiting phone number to the new service provider would not, in Ziplly Fiber's view, violate applicable law or our processes and procedures.

c) **Voice-over-Internet Protocol.** In the event you have Telephone Service which uses Ziplly Fiber's Voice-over-Internet Protocol ("VOIP") transmission service, the following additional terms will apply.

- i) The ZiPLY Equipment for VOIP must be installed according to ZiPLY Fiber specifications and you may not alter the equipment or your inside wiring in any way. The ZiPLY Equipment is electrically powered and the Telephone Service may not operate in the event of an electrical power outage. You acknowledge that, in the event of a power outage in your home, any battery you are using, whether received from ZiPLY Fiber or otherwise, may enable back-up service for a limited period of time or not at all, depending on the circumstances, and that the addition of a battery does not ensure that Telephone Service will be available in all circumstances, and that performance of any battery is not guaranteed. You also acknowledge that, in the event of a loss of power that disrupts the local ZiPLY Fiber system, the battery will not provide back-up service and Telephone Service will not be available. You acknowledge and understand that the ZiPLY Equipment may not have battery backup of another power source of its own. You may receive back-up batteries from ZiPLY Fiber. Please see the ZiPLY Website for details. If there is a power outage, you may be required to reset or reconfigure the equipment you are using prior to being able to use the VOIP Telephone Service again.
- ii) You acknowledge that the VOIP Telephone Service may not be compatible with certain data transmission service, including but not limited to fax transmission and dial up Internet access. Other services or equipment that may not be compatible with the VOIP Telephone Service include monitored home security systems, fire alarms, medical monitoring systems and any such systems will not be available with your VOIP Telephone Service during any power outage. You may be required to maintain a separate telephone line or obtain separate equipment from your services provider in order to access such services.
- iii) For 911/E911 to work in accordance with ZiPLY Fiber's specifications, ZiPLY Fiber must have a correct service address for the location of your ZiPLY Equipment. If you do not provide the correct address when you register for the Telephone Service or if you relocate your ZiPLY Equipment to a new address and do not register the new address with ZiPLY Fiber, 911/E911 may fail: (a) the calls may be misdirected to the wrong emergency authorities, or (b) emergency authorities will be given the wrong address for the origin of the call. If you wish to relocate the ZiPLY Equipment and continue to use the VOIP Telephone Service, you must seek authorization for Telephone Service at your new service address (if available) and update your service address with ZiPLY Fiber.
- iv) The VOIP Telephone Service is provided over the broadband Internet network. If there is an outage of this network, the VOIP Telephone Service will not be able to make 911 calls. Any 911 calls made using the VOIP Telephone Service may be subject to network congestion or reduced routing or processing speed. If you have Call Forwarding, Do Not Disturb, Simultaneous Ring or other features programmed and in use at the time you dial 911 and your call is interrupted, the emergency dispatcher may not be able to call you back at the phone from which you dialed the 911 call.
- v) The VOIP Telephone Service does not allow you to make 500, 700, 900, 950, 976, 00, 01, 0+, calling card calls or dial-around calls. Nor does it allow you to accept collect calls or third number billed calls. The current charges and rates for international calling are available at <https://tariffs.ziPLYfiber.com/>.

- vi) If unlimited minutes are used for non-voice calls, such as (but not limited to) auto dialers or data calls, we may convert the VOIP Telephone Service to a plan that charges for all long distance calls or where our systems allow, charge a 10 cents per minute rate for such calls. If your usage is inconsistent with normal residential voice applications and usage patterns and you exceed 3,000 minutes per month, we may charge you a 10 cents per minute rate for such calls.
- d) **Data Service.** This section applies only to those customers who subscribe to Data Services from ZiPLY Fiber.
- i) You acknowledge that the Data Service may be offered on a tiered basis and each tier may have throughput limits (namely, limits on the maximum rate at which you may send and receive data at any time), consumption limits (namely, limits on the amount of data that you may send or receive during the course of a month or shorter periods) and other similar limits, all as set forth in the Price List or the Terms of Use. You agree that ZiPLY Fiber may change the throughput, consumption and other applicable limits of any tiers by amending the Price List or the Terms of Use. Your continued use of or payment for the Data Service will constitute your acceptance of any new limits. You also agree that ZiPLY Fiber may use technical means, including but not limited to suspending or reducing the speed of your service, to ensure compliance with these limits and the Terms of Use, and that ZiPLY Fiber may move you to a higher tier of Data Service or impose other charges and fees if your use exceeds these limits. You further agree that ZiPLY Fiber has the right to monitor your usage patterns to facilitate the provision of the Data Service and to secure your compliance with the Terms of Use. ZiPLY Fiber may take such steps as it determines appropriate in the event your usage of the Data Service does not comply with the Terms of Use.
 - ii) You acknowledge that, although the Data Service provides a connection to the Internet, the Internet is an international computer network that is not owned, operated or managed by, or in any way affiliated with ZiPLY Fiber. ZiPLY Fiber cannot and does not guarantee that the Data Service will provide Internet access that is sufficient to meet your needs. You understand that any speeds mentioned in connection with the Data Service are “up to” the mentioned speed and are not guaranteed. The actual speed and reliability of the Data Service can be affected by a number of factors, including, without limitation, the level of network traffic, the number and type of devices in use at any one time in your house, the distance between your device and any wireless transmitting equipment, the capacity of the server you are attempting to connect to across the Internet, and configuration of your computer or other device.
 - iii) You acknowledge that the Data Service provides a connection to the Internet that may be unfiltered and that ZiPLY Fiber neither controls nor assumes responsibility for any content on the Internet or content that is posted by a subscriber. Although ZiPLY Fiber may make available certain parental control features, you acknowledge that such parental control features may not be entirely effective or foolproof and that, notwithstanding such features, you or members of your household may be exposed to unfiltered content.

- iv) You agree that ZiPLY Fiber has the right, but not the obligation, to edit, refuse to post or transmit, request removal of, or remove or block any material transmitted through, submitted to or posted on the Data Service, if it determines in its sole discretion that the material is unacceptable or violates the terms of the Agreement or the Terms of Use. Such material might include personal home pages and links to other sites. In addition, you agree that ZiPLY Fiber may suspend or cancel your account for using all or part of the Data Service to post content to the Internet or to engage in “peer to peer” file exchanges or other forms of file exchanges that violate the Agreement, the law or the Terms of Use.

6. Support and Repairs

- a) You may request reasonable service and maintenance to check and correct problems with the Service. ZiPLY Fiber will, at its own expense, repair damage to or, at its option, replace ZiPLY Equipment and otherwise attempt to correct interruptions in the Service that may be due to ZiPLY Equipment or technical malfunction of the system or network operated by ZiPLY Fiber. The ZiPLY Website contains information regarding contacting ZiPLY Fiber for this support.
- b) Unless you have obtained a ZiPLY Fiber service protection plan, you agree that ZiPLY Fiber has no responsibility for the operation of any equipment, software or service other than the Services and the ZiPLY Equipment. For example, if you receive Data Service, ZiPLY Fiber has no responsibility to support, maintain or repair any equipment, software or service that you elect to use in connection with the Data Service if not provided by ZiPLY Fiber. For assistance with technical problems arising from such equipment, software or services, you should refer to the materials provided by the manufacturer or provider of the software equipment or services. Further, ZiPLY Fiber is not responsible for any wiring inside your home or premises. If ZiPLY Fiber determines that non-ZiPLY Equipment or cabling connecting your residence to the ZiPLY Equipment installed on the side of or adjacent to your residence is the cause of a service problem, you agree that ZiPLY Fiber may charge you to resolve such problem.

7. Service Interruptions and Force Majeure

- a) You agree that ZiPLY Fiber has no liability for delays in or interruption to your Services, except that if for reasons within ZiPLY Fiber’s reasonable control, for more than 24 hours there is a complete failure of Service. In such event, ZiPLY Fiber will provide you a prorated credit for the period of such interruption or failure if you request one within 30 days of the interruption or failure. In no event shall ZiPLY Fiber be required to credit you an amount in excess of applicable service fees for the period that Service was interrupted. ZiPLY Fiber will make any such credit on the next practicable bill for your Services. State and local law or regulation may impose other outage credit requirements with respect to some or all of your Services. In such event, the relevant law or regulation will control.
- b) You agree that ZiPLY Fiber may conduct maintenance from time to time that may result in interruption of your Service.
- c) ZiPLY Fiber shall have no liability for interruption of Services due to circumstances beyond its reasonable control, including without limitation acts of God, flood, natural disaster, vandalism, terrorism, regulation or government acts, strikes, labor unrest, civil disturbance, fire, electrical power outage, computer viruses or worms.

8. Enforcement and Protection of Network

ZiPLY Fiber may suspend or terminate all or a portion of your Services without prior notification if ZiPLY Fiber determines in its discretion that you have violated the Agreement, including without limitation the Acceptable Use Policy or Network Management Policy, even if the violation was a one-time event. You agree that ZiPLY Fiber shall have the right to take any action that ZiPLY Fiber deems appropriate to protect the Services, ZiPLY Fiber's network and facilities or the ZiPLY Equipment. If all or a portion of your Services are suspended, you will not be charged for the relevant Service during the suspension. If your account is terminated, you will be refunded any pre-paid fees minus any amounts due to ZiPLY Fiber.

9. Term and Termination

- a) The Agreement will remain in effect until terminated by either party or superseded by revisions as provided in the Agreement.
- b) Either ZiPLY Fiber or you may terminate all or any portion of your Services at any time for any or no reason, in its sole discretion, in accordance with applicable law and the terms of any marketing offers specified in the Agreement. The Agreement and/or any of the Services may be terminated by ZiPLY Fiber at any time without prior notice if (i) you fail to comply in full with all the terms and conditions of the Agreement, (ii) you harass or make any express or implied threat of violence, or use derogatory language, towards any employee, representative, agent or contractor of ZiPLY Fiber, or (iii) ZiPLY Fiber loses the right or ability to use public rights-of-way necessary to serve you.
- c) If you are moving or wish to terminate all or any portion of your Service for any reason you must notify ZiPLY Fiber as described at the ZiPLY Website. All applicable fees and charges will accrue until the date of termination, but ZiPLY Fiber will refund all prepaid monthly fees charged for Services after the date of termination, less any amounts due to ZiPLY Fiber.
- d) You cannot terminate your Services by writing "Cancelled" (or any other messages) on your bill or check or by making a disconnect appointment that does not result in ZiPLY Fiber's physical recovery of the ZiPLY Equipment. In addition, you agree that any restrictive covenants (such as "paid in full"), releases or other statements on or accompanying checks or other payments accepted by ZiPLY Fiber shall have no legal effect.

10. Disclaimer of Warranty; Limitation of Liability

- a) You agree that the Services are provided by ZiPLY Fiber on an "as is" and "as available" basis without warranties of any kind, either express or implied, including without limitation warranties of title or noninfringement, or implied warranties of merchantability or fitness for a particular purpose, other than those warranties that are incapable of exclusion, restriction or modification under applicable law. ZiPLY Fiber makes no warranty that the Services will be uninterrupted or error free or that the ZiPLY Equipment will operate as intended. Without limiting the foregoing, ZiPLY Fiber does not make any warranty as to the security of your communications or that third parties will not gain unauthorized access to or monitor your computers or online or voice communications. You agree that ZiPLY Fiber will not be liable for such unauthorized access. You have the sole responsibility to secure your computer and other communications. You have the sole responsibility for backing up all existing computer or other software or data files.

- b) You acknowledge that ZiPLY Fiber's installation, use, inspection, maintenance, repair, replacement or removal of the Services, ZiPLY Equipment or Software may result in damage to your computers, telephones and telephone answering devices, televisions, recording and playback devices, audio equipment, and Customer Equipment, including software and data files stored thereon. You are solely responsible for backing up all existing computer or other software or data files. ZiPLY Fiber shall have no liability for any damage to or loss or destruction of any equipment, software, data or electronic files resulting from a virus or other harmful feature or any attempt to remove it.
- c) In no event will ZiPLY Fiber be liable for any direct, indirect, incidental, special or consequential damages arising out of the use or inability to use the Services, including the use of or inability to use emergency 911 services, or for any action taken by ZiPLY Fiber to protect the Services or ZiPLY Fiber's network or facilities. **ZiPLY Fiber's liability for all categories of damages shall not exceed a pro rata credit for the monthly fees (excluding all nonrecurring charges, regulatory fees, surcharges, fees and taxes) you have paid to ZiPLY Fiber for the service during the ninety (90) day period prior to when such claim arose, which shall be your sole and exclusive remedy regardless of the type of claim or nature of the cause of action, to the extent the foregoing is not limited by applicable law.**
- d) When ZiPLY Fiber makes available a directory listing or telephone number publication option, if (i) any telephone number for which you have requested nonpublished status is included in any directory, any directory assistance database, or is otherwise disclosed to any unauthorized persons, (ii) any telephone number which you requested be published or listed in any directory or directory assistance database is not so published or listed, and (iii) any published or listed telephone number contains material errors or omissions, then the total liability of ZiPLY Fiber and any other provider in connection with the described error or omission shall not in the aggregate exceed the monthly charges for the Telephone Service which you have actually paid to ZiPLY Fiber regarding the publication or nonpublication. You shall hold ZiPLY Fiber and any other provider who furnishes services to you in connection with the Agreement harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the errors and omissions described above.

11. Indemnification

You agree to defend, indemnify and hold harmless ZiPLY Fiber, its parents, affiliates and subsidiaries, and their respective owners, equity holders, officers, directors, employees, agents, contractors and service providers from claims or damages relating to or arising out of (a) your breach of the Agreement, (b) your use (or any use on your account) of the Services or any ZiPLY Equipment, including but not limited to any claims or damages arising out of the malfunction or lack of 911/E911 or dialing associated with a security system, (c) your use of the Services in violation of applicable laws or regulations, or (d) any claims for infringement of any intellectual property rights arising from or in connection with the use of the Service on your account. You agree that none of the parties listed in this paragraph shall be responsible for any third-party claims that arise from use of the Services or the ZiPLY Equipment and you agree to reimburse ZiPLY Fiber for all costs and expenses related to the defense, settlement or judgment with respect to any such claims.

12. Arbitration

- a) If you have a Dispute with ZiPLY Fiber that cannot be resolved through discussions and you wish to continue to pursue the Dispute, you must submit the Dispute for arbitration rather than litigate the Dispute in state or federal court, except as described in Subsection 12(c) below. The term “Dispute” means any dispute, claim or controversy between you and ZiPLY Fiber, whether based in contract, statute, regulation, ordinance, tort (including without limitation intentional acts or omissions) or any other legal theory, including the validity, enforceability or scope of this Section 12. Arbitration means that you will have a fair hearing before a neutral arbitrator instead of in a court by a judge or jury. You agree that the Federal Arbitration Act governs the arbitrability of all Disputes, even if the substance of the Dispute is governed by state laws or regulations.
- b) To initiate arbitration, you may open a case with the American Arbitration Association (“AAA”). The arbitration will be governed by the Commercial Arbitration Rules of the AAA. A single arbitrator will resolve the dispute and will make any award in writing with a statement of the reasons supporting the award. Any arbitrator award may be entered in any court having jurisdiction over the parties for the purposes of enforcement. The arbitration will take place at a location reasonably convenient to you and ZiPLY Fiber in the area where you receive Service from ZiPLY Fiber. The parties will bear their own costs and fees of arbitration.
 - i) **You agree that you shall not bring any dispute to be arbitrated or litigated on a class action, consolidated or aggregated basis or based on claims brought in a purported representative capacity on behalf of the general public, other subscribers or persons. No claim or dispute subject to arbitration under the agreement may be combined with a claim subject to resolution before a court of law.**
 - ii) **You must give ZiPLY Fiber notice of a dispute within one (1) year of the occurrence of the event or facts giving rise to the dispute (except for billing disputes about which you must contact ZiPLY Fiber within thirty (30) days as provided in section 2 above). If you do not do so, you waive the right to pursue any claim or dispute based on such event or facts.**
- c) You agree that the following Disputes you may have with ZiPLY Fiber will not be subject to arbitration: (i) any claim filed by you in which the amount in controversy is properly within the jurisdiction of court that is limited to hearing small claims, (ii) any Dispute over the validity of any party’s intellectual property rights, (iii) any Dispute arising or related to allegations associated with unauthorized use or receipt of Service, and (iv) any Dispute that can only be brought before the local franchise authority in your area under the terms of ZiPLY Fiber’s franchise.

13. Privacy

- a) Your privacy interests, including your ability to limit disclosure of certain information to third parties, are addressed by, among other laws, the Communications Act of 1934, as amended, the Federal Communications Commission’s rules regarding Customer Proprietary Network Information (“CPNI”) and the Electronic Communications Privacy Act. Personally identifiable information that may be collected, used or disclosed in accordance with applicable laws is described in ZiPLY Fiber’s Privacy Policy and Subscriber Privacy Notice, each as may be amended, available on the ZiPLY Website. These policies form a

part of the Agreement. In addition to actions and disclosures specifically authorized by law or statute or elsewhere in the Agreement, ZiPLY Fiber shall have the right (except where prohibited by law notwithstanding your consent), but not the obligation, to disclose information to protect its rights, property and operations, or where circumstances suggest that individual or public safety is in peril. You consent to such actions and disclosures.

- b) If you are a Telephone Service customer, you consent to ZiPLY Fiber's disclosure of your name, address and/or telephone number to the general public in connection with Caller ID functions, telephone directories, 411 and 911 services. You also consent to ZiPLY Fiber's disclosure of your personally identifiable information to the telephone companies serving those end users to whom you make calls so that the calls can be completed. If you wish to have ZiPLY Fiber remove this information from one or more of these services, you understand that you must notify ZiPLY Fiber to do so and pay any applicable fees.
- c) You consent to ZiPLY Fiber calling or texting the phone numbers and emailing the email address you supply to it for any purpose, including the marketing of its current and future services. You agree that these emails, phone calls or texts may be made using any method, including an automatic dialing system or an artificial or recorded voice, even if the number you provide is a wireless number. Upon your request, the email address or phone number you have previously provided will be removed from ZiPLY Fiber's phone and text marketing list. You can make this request by contacting ZiPLY Fiber and asking to be placed on ZiPLY Fiber's "Do Not Call or Email" list. You acknowledge that being included in any state or federal "do not call" registry will not be sufficient to remove you from ZiPLY Fiber's email, phone and text marketing list.

14. Consent to Electronic Notice

You agree that all notices required or contemplated hereunder may be provided by ZiPLY Fiber by electronic means by either email or online posting at the ZiPLY Website. These notices may include notices of changes to the Agreement or any associated policies and price lists. An online version of the Agreement and associated policies and price lists, as may be amended from time to time, will be available at the ZiPLY Website or by calling ZiPLY Fiber.

15. Assignment

You understand that the Services are being provided only to the location identified on your Work Order and that you are not allowed to transfer all or any portion of the Services, or ZiPLY Equipment, to any other person, entity or location, including a new residence. You agree that you may not assign the Agreement. ZiPLY Fiber may transfer or assign any portion or all of the Agreement, subject to any applicable laws.

16. Effect of Applicable Law

The Agreement is subject to all applicable federal, state or local laws in effect in the relevant jurisdiction in which you receive Service. If any provision of the Agreement contravenes or is in conflict with any such law or regulation, or if you are entitled to more favorable rights under any law or regulation than are set forth in any provision in the Agreement, then the terms of such law or regulation shall take priority over the relevant provision of the Agreement. To the fullest extent permitted by law, you agree that any claim you may have against ZiPLY Fiber must be filed within one (1) year of the date such claim arose or be forever barred.
