

Local Calling Package Ordering Matrix

LCLPK

The Local Package 'LCLPK' is a calling feature package. The Local Package 'LCLCPK', where not grandfathered, is ordered using the LCLPK package code, the Line Rate S&E code applicable for the exchange, and the feature code for each requested feature. Up to 3 features may be chosen from the Available Features list.

Where grandfathered, it is supported on existing service but is not available for new service or migrations.

Local Package (Bundle) with up to 3 Features
