## LSR Validation Job Aid for Resale and Wholesale Platform

### **Objective**

The objective of this document is to provide a quick reference tool for the CLECs to populate Wholesale Platform and Resale LSRs at the TOS and LTOS levels for both new (ACT=N), outside/inside move (ACT T/M) and migrate (ACT=V) orders for the following services

- POTS
- RCF

**Note:** This document does not include validations for Centrex, Wholesale Broadband and other complex services.

---

## LSR Validation Job Aid for Resale and Wholesale Platform

**At-a-glance**

This chart provides basic rules for both Wholesale Platform and Resale orders in the Flag F and Flag L environments when POTS and RCF services are ordered.

<b>DB - Wholesale Platform</b>	<b>EB - Resale</b>
Measured product only	Flat & Measured services available
3 <sup>rd</sup> position of TOS will always= M or P (Flag L only)	3 <sup>rd</sup> position of TOS must match class of service (F= Flat or M= Measured line rate)
PSQTY must match number of LNUMS on PS Form	RSQTY must match number of LNUMS on RS Form

---

## LSR Validation Job Aid for Resale and Wholesale Platform

### LSR order examples

To view a complete list of valid LSR entries by Requisition Type, see <https://wholesale.ziptyfiber.com/wholesale/local-services/lsr-order-samples>.
