

Carrier Customer Bulletin

Date of Notice: February 16, 2023
Notice Number: NWFZF-23-0122
Target Audience: Carrier, IXC, Wireless, CLEC, ISP
Subject: ASOG 66 System Upgrade 30-Day Notification
Effective Date: March 18, 2023

Effective March 18, 2023, ZiPLY Fiber will implement Version 66 of the Access Services Ordering Guidelines (ASOG) within its Pre-order and Ordering interface systems.

ZiPLY Fiber's Virtual Front Office (VFO) and Unified Ordering Model (UOM) will be unavailable for processing transactions during the following times:

Start: 8:00pm PST Friday, March 17, 2023
End: 5:00am PST Monday, March 20, 2023

With the ASOG 66 System Upgrade, ZiPLY Fiber will **NOT** be supporting the following new fields on the ASR form (ADMIN section next to the DDD field):

- SSDI_PRILOC:
 - Identifies the customer's desired site walk date at the primary location site.
 - 10 alpha/numeric characters. Example: 03/02/2023"
- SSDI_SECLOC:
 - Identifies the customer's desired site walk date at the secondary location site.
 - 10 alpha/numeric characters. Example: 03/02/2023"

NOTE: ZiPLY Fiber may implement these fields in the future, however unless and until that occurs, ZiPLY Fiber will reject/error an ASR that is submitted with either or both of these fields populated.

Please email wholesale.connectivity@ziplyfiber.com to indicate your interest in testing with ZiPLY Fiber.

If you have questions regarding the information provided in this notice, please email wholesale@ziplyfiber.com.
